

****WANTED ****

Tough, dependable men and women who are willing, on short notice, to slog through swamps, tramp through timber, and tackle the tangled brush in search of...

LOST PEOPLE

****** REWARD ******

Good companions, fresh air, vigorous exercise, bad coffee and mediocre food, unforgettable experiences, and the knowledge that you have

made the difference between ...

LIFE and DEATH.

NorthEast Mobile Search And Rescue

NEMSAR was founded in 1988 and incorporated in 1990 by a small group of individuals who had been involved with various search and rescue operations as part of their volunteer positions with local fire departments, snow mobile, or ATV clubs and similar organizations. NEMSAR has since grown to a team of approximately 20 active and supporting members, dedicated to search and rescue under all types of conditions.

**Our support/
mobile
communications
unit (SU-2)**

Some team members are certified and trained in Search Management Procedures, Crew Leadership, Emergency Medical Treatment, Wilderness Navigation, Survival Techniques, Cave and High Angle Rescue. Other specialized areas of Search and Rescue include Incident Command, FEMA and SEMO courses, Man Tracking, and Map and Compass Skills. All active members have completed the New York State Department of Environmental Conservation Wildlands Search course.

The Team owns two tailored four-wheel drive ATV's and 2004 Yukon SUV tow vehicle to transport search and rescue personnel and equipment., a converted RV setup as a communications/support unit with New York State topographical maps and multiple radio frequency communications.

- Q What exactly does NEMSAR do?
- A NEMSAR mainly searches for people who are lost, For example, a hunter who does not return at the scheduled time, an elderly person who just "walks away", a lost child... NEMSAR always presumes that the subject wants to be found. NEMSAR does not search for fugitives from justice or for anyone presumed dangerous. NEMSAR also tries to educate people on how to avoid potentially dangerous wilderness adventures.
- Q What other services does NEMSAR provide to communities?
- A In Spring of 2008, we will began presenting the NASAR "Hug-A-Tree" program to educate children and their parents about wilderness safety. If you would like to sponsor a "Hug-A-Tree" event in your local area, call NEMSAR at (518) 376-4591. We also will provide emergency communications support for incidents and events.
- Q How do I contact NEMSAR?
- A Call (518)664-2909 Our emergency number is answered by Mechanicville Police Department and manned 24/7
- Q Do I have to wait 24 hours before contacting NEMSAR to initiate a search?
- A No, please call us ASAP. We or one of our associate teams will begin deployment immediately.
